

I give the staff of Good Shepherd School permission to apply topical substances or administer OTC pain relief medication. We typically use generic products. If you have specifics you'd like to use, please send them to school. These include but may not be limited to:

- Sunscreen
- Insect Repellent
- Triple antibiotic ointment
- Anti-Itch cream
- Sting-eze
- Diaper Cream
- Acetaminophen
- Ibuprofen
- Gas relief drops

To prevent and or soothe external injuries, pain or weather-related conditions during their time at school.

Please indicate in writing if there is a specific topical substance or OTC medication you do not want administered/applied to your child for any reason.
